# NEW BULK API MANUFACTURING FACILITY

DISHMAN CAD PHARMACEUTICALS  
Riyadh - (SAUDI ARABIA)

**COMPLETION  
DATE 2010**

## PROJECT DESCRIPTION

Project concerns a new greenfield bulk API manufacturing facility in an industrial park close to Riyadh.

The core of the new facility shall include a new bulk API building, with six independent manufacturing suites organized on 2 levels, plus an upper technical volume (penthouse). The production unit will be serviced by two utility buildings and by an underground tank farm. The facility will be moreover completed with the other buildings/ infrastructures (administration /QA /QC building, warehouse, boiler House, electrical substation, wastewater treatment, etc.)

## FOSTER WHEELER ITALIANA SCOPE OF WORK
