# NEW QC LABS FOR VACCINES FACILITY

GSK BIOLOGICALS  
St. Amand-les-Eaux - France

**COMPLETION  
DATE 2010**

## PROJECT DESCRIPTION

Realisation within an existing three-levels building to accommodate new GMP QC laboratories (4500 sqm overall surface area), of new GMP QC laboratories to be dedicated to a new vaccines manufacturing site.

The project has involved building revamping works and the realization of new dedicated plant systems.
